

# Handheld X-ray Machine

| Portable & Comfortable |

Energy Resources International Co., Ltd.

# Energy Resources International Co., Ltd.

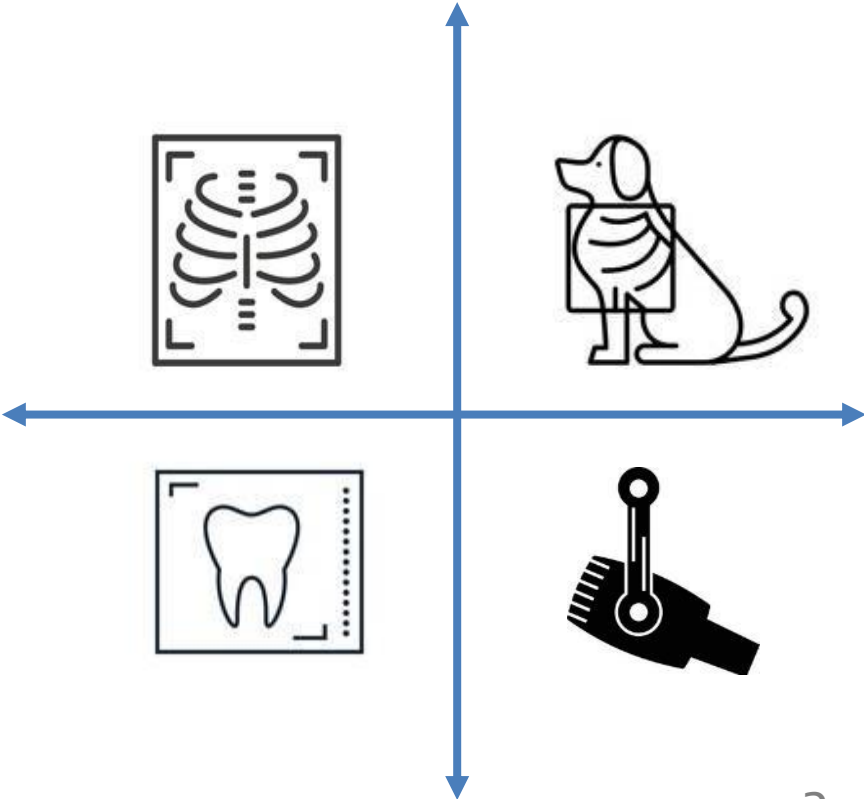

- Established in Taiwan
- Located in Hsinchu Biomedical Science Park

## We make...

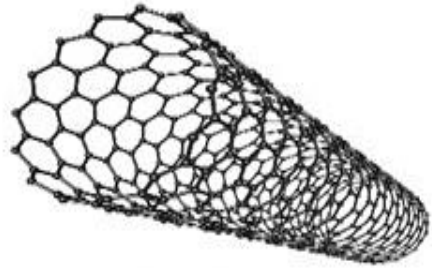

- Cold cathode-driven X-ray tube  
high-quality X-ray at low radiation dose(Dose less to 25%)
- Handheld X-ray Machine  
for Medical diagnosis, Veterinary

CNT X-ray Tube

# Core Technology

## Carbon Nanotube

- ◆ High temperature resistance
- ◆ High voltage resistance
- ◆ High stability

## Cold Cathode X-ray Tube

- ◆ Simplify the structure
- ◆ Minimize the radiation dose

## Mobile X-ray Imaging Equipment

- ◆ High-efficiency X-ray
- ◆ Cold cathode design
- ◆ Reduce the size
- ◆ Make X-ray machine from stationary to handheld

# ERI Products

GMP, ISO13485, TFDA, FDA

AG100

Dental

Chest & Extremities

Veterinary

Industrial

Carbon Nanotube Tube

CVX Series

QMS(GMP), ISO13485, TFDA

# Animal Hospital-During & After Surgery

# Telemedicine for Animal

(MERCY Animal Medical Center)

- **5G** information sharing platform
- Reduce transmission costs
- Online consultation with specialists

# Animal Testing
